

Guide to Use Online Indian Citation Generation Tool (OICGT)

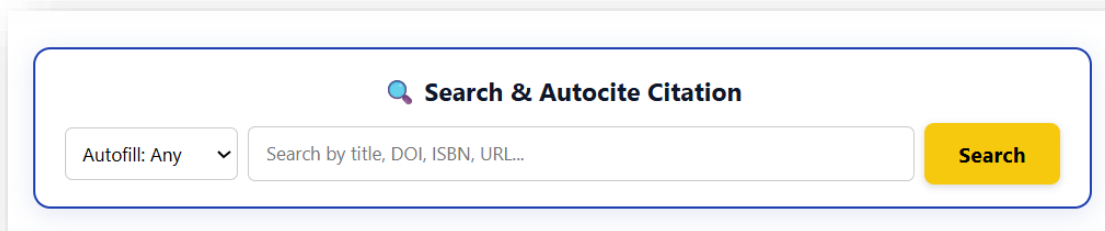

1. Citing an Information Source Automatically through OICGT

Step 1: Login to <https://oicgt.vercel.app>

Step 2: You will be directed to the below website:

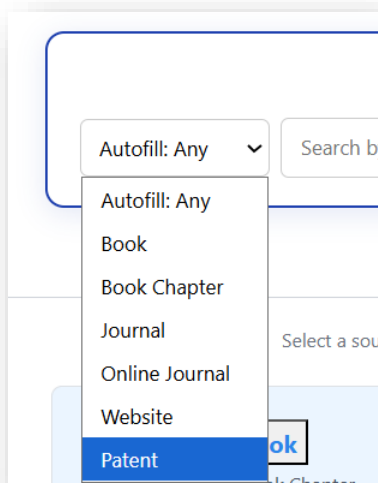

The screenshot shows the OICGT website interface. At the top, there is a blue header with the OICGT logo and the text "Online Indian Citation Generation Tool". Below the header is a navigation bar with links: Home, Guides, Tutorials, FAQs, and Contact Us. The main content area features a search bar with the text "Search & Autocite Citation". The search bar has a dropdown menu for "Autofill: Any" and a text input field for "Search by title, DOI, ISBN, URL...". A yellow "Search" button is located to the right of the search bar. Below the search bar, there is a section titled "Manual Citation" with a subtitle "Select a source type below and fill in the details to generate your citation manually". This section contains three buttons: "Cite a Book" (with subtext "Book | e-Book | Book Chapter"), "Cite a Journal" (with subtext "Journal | E-Journal"), and "Cite Other Sources" (with subtext "Websites | Patents"). At the bottom of the page, there is a banner for the "Online Indian Citation Generation Tool" with the text "Create Accurate Citations for Books & E-Books, Journals, E-Journals." and an image of a bookshelf with a tablet displaying "E-BOOKS" and a book displaying "REFERENCES".

Step 3: Go to the Search and Autofill Citation search box.

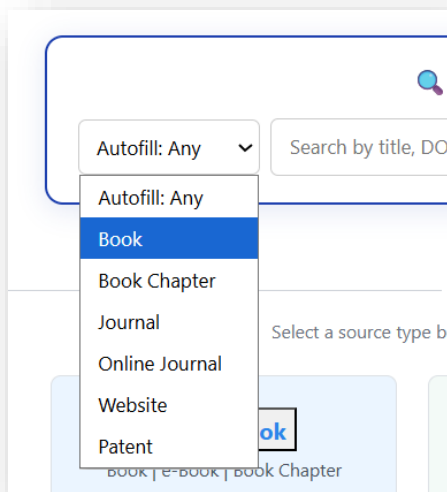

The screenshot shows a search interface titled "Search & Autocite Citation". It features a dropdown menu on the left labeled "Autofill: Any" with a downward arrow. To the right of the dropdown is a text input field with the placeholder text "Search by title, DOI, ISBN, URL...". On the far right is a yellow button with the text "Search".

Step 4: In case you want to create citation for any information source automatically, then Choose the Information Source.

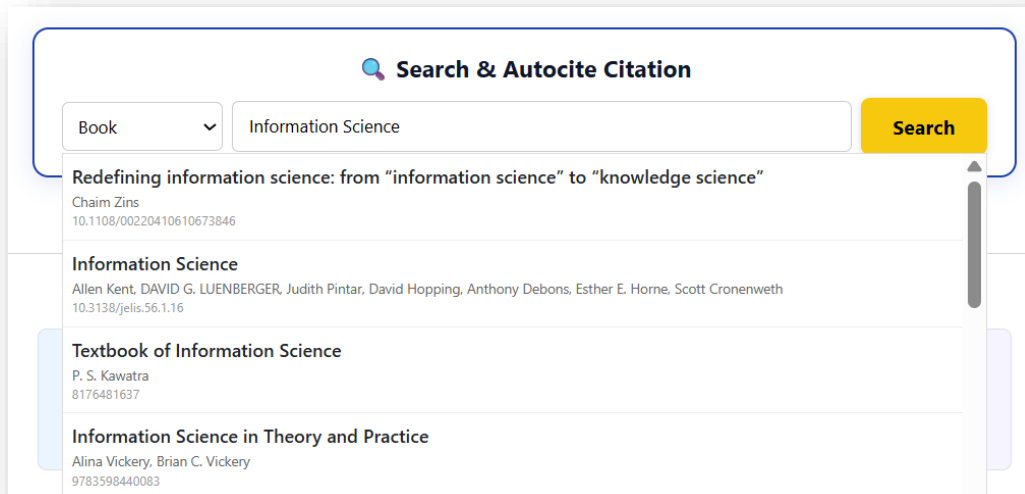

The screenshot shows the "Autofill: Any" dropdown menu open. The menu lists several options: "Autofill: Any", "Book", "Book Chapter", "Journal", "Online Journal", "Website", and "Patent". The "Patent" option is currently selected and highlighted in blue. In the background, a "Search by" field and a "Select a source" label are partially visible.

Step 5: In case we choose Book, then we have to select Book.

Step 6: Now, the specific title you are looking for may be entered in the search box by entering Title, DOI, ISBN, or keyword.

Step 7: Once you write the keyword of the book, for example, Information Science, then it will show many titles of books for you to choose from as dropdown.

Step 8: Now choose your desired book title, for example I have selected Information Science in Theory and Practice 1th Edition, by Alina Vickery, Brian C. Vickery.
